- We'll mix all the events up by date as we finalize the calendar.
- Reminder: The expectation is that evening concerts and performances start at 7:30pm. This is to allow students in sports and performing arts to be able to attend both events.
- Due to the size of our auditorium seating and the size of our audiences, it is difficult to squeeze two
 grade level ensembles in at a time. Performances are typically standing room only. One ensemble sits
 at the base of the stage while the other performs.
- We can schedule some small casual performances for after EoGs.
- Plan on some sort of small performance for 8th grade promotion. We've played pomp and circumstance and the national anthem in the past but other groups are welcome to contribute!!!
